Message

On the 76th Anniversary of NCC, I extend my warm greetings to all cadets, all ranks, civilian staff and their families. The NCC day celebrations hold a special significance to us, as it is on this day that we dedicate ourselves to the aims of the NCC.

NCC is the largest voluntary youth organization of the nation. The Odisha Directorate has an approximate strength of 63,149 cadets. NCC Odisha Directorate is spread across the state and is controlled by three Groups, 30 units and 1101 institutions.

Odisha NCC has evolved into an invaluable force multiplier, with temporal and spatial footprints of contribution by motivating young citizens to join Armed Forces and Para-Military Forces. Odisha NCC continues to perform yeoman service to the nation by developing character, camaraderie, discipline and secular outlook at grass root level. True to the motto of 'Unity and Discipline', the Odisha NCC has carved a niche for itself in nation building and the process of channelling the energy of our youth for a constructive purpose.

These cadets, with the help of experienced officers and men in uniform, are moulded to become better citizens and prospective leaders, by inculcating in them discipline, courage, commitment, sincerity of purpose and the spirit of adventure. NCC also serves to foster national integration and communal harmony.

I take this opportunity to re-affirm that Odisha NCC will continue to be a pillar of undeterred support to the nation and contribute significantly in carrying out transformational changes in this elite youth organisation. I call upon all personnel to re-dedicate themselves towards our sacred duty for growth and integrity of the Nation.

I take this opportunity to convey my profound gratitude to the Government of Odisha, Vice-Chancellors of Universities, and Heads of Educational Institutions covered by the NCC for their continued unstinting cooperation towards conduct of NCC training.

In 1972, the unit's strength was increased to 140 SD and 60 SW cadets, marking greater inclusion of female cadets. A significant expansion followed in 1977, with an authorization of 1,650 Junior Division (JD) cadets, supported by additional PI staff, including one JCO and two NCOs from the Infantry to enhance training.

Renamed the 1 Orissa Medical Company in 1977, the unit firmly established itself as an important NCC Coy. Later changes in 1981 reduced SW strength to 40 cadets, and in 1990, the JD strength was lowered to 1,550, before being raised again in 1994 to 1,600, distributed across 21 institutions.

Presently, this unit has a strength of 1,550 cadets spread across 25 institutions, remaining dedicated to fostering discipline, leadership, and knowledge among cadets. This commitment underscores its alignment with the NCC's mission of empowering youth for national service and development.

THE CADET RENAISSANCE

Being a part of the National Cadet Corps (NCC), the world's largest youth organization, has been an incredibly enriching experience. The opportunities it has provided me to represent my state, Odisha, at the national level and even internationally have been truly unforgettable. I was fortunate enough to attend the All India Thal Sainik Camp (AITSC) in 2023 and the Republic Day Camp (RDC) in 2024. Both camps were extraordinary experiences that allowed me to connect with cadets from across the country, learn new skills, and develop a deeper sense of patriotism. Representing Odisha at the national level was a source of immense pride. It was an honour to showcase the talent, discipline, and spirit of my state on a national platform. Interacting with cadets from other states helped me appreciate the diversity of our country and to forge lasting friendships. One of the most memorable experiences of my NCC journey was participating in the Youth Exchange Programme Sponsorship (YEP Sponsorship) for the Russian delegation.

This opportunity allowed me to represent India on a global stage and experience the rich culture of another country. Traveling with the Russian delegation to different cities, sharing meals, and exchanging stories was a truly enriching experience. I was delighted to introduce them to the flavours of Indian cuisine, which they thoroughly enjoyed. The connections I made with my Russian counterparts have transcended geographical boundaries. We continue to stay in touch, sharing our experiences and perspectives. It is a testament to the power of human connection and the ability of the NCC to foster unity and understanding among young people from different cultures.

I am deeply grateful to the NCC for the opportunities it has provided me. The experiences I have had have shaped me into the person I am today. I am proud to be a part of an organization that empowers young people to become responsible citizens and global leaders.

NCC Youth Exchange Program to Vietnam

I had the incredible opportunity to represent my country as a part of the NCC Youth Exchange Program to Vietnam from 5th to 14th August 2024. This program was an amazing experience, focused on promoting cultural exchange and understanding between the youth of India and Vietnam.

During the visit, I participated in various activities, including meetings with the Central Committee of the Ho Chi Minh Communist Youth Union, visits to significant historical sites like the Vietnam Military History Museum and the Cu Chi Tunnels, and cultural exchanges with Vietnamese youth. These experiences provided deep insights into Vietnam's history, culture, and the resilience of its people.

I am grateful that I had the chance to meet the Indian Ambassador there, we even visited Viettel, military telecom services of Vietnam.

It was also a chance to share our own culture, where I contributed through presentations and discussions about India. This exchange helped in building connections with the Vietnamese youth and understanding the similarities and differences between our countries.

Overall, the program was a valuable learning experience that broadened my perspective on international relations and cultural diplomacy.

THE UNRAVISED TRUTH ABOUT LIFE

Life, in its essence, is a paradox of simplicity and complexity. The unvarnished truth is that it is unpredictable, full of both joy and suffering. No matter how much we plan, life often takes its own course, pushing us through experiences that mold and transform us in unexpected ways.

At its core, life is not about finding answers but about embracing uncertainty. Many search for meaning, success, or happiness as though they are fixed destinations. However, the truth is that life unfolds through the journey itself—through everyday moments, connections with others, and personal growth.

We often measure our existence by society's standards: achievements, wealth, and status. Yet, the unspoken truth is that fulfillment arises from inner peace, authenticity, and the ability to find contentment in the present. Learning to live with the ebb and flow of life's unpredictability teaches us resilience, patience, and gratitude for what is, rather than constantly longing for what could be.

In the end, life is fragile, transient, and beautiful. It is not meant to be controlled but experienced with curiosity and openness.

THE CADET RENAISSANCE

My experience in the NCC camp as a junior cadet was both challenging and unforgettable. The first day was all about settling in-finding my space and taking in my new surroundings. Despite the uncertainty, there was a thrill in knowing I was about to be part of something much bigger than myself.

Once we got into the daily schedule, life at the camp became intense. Each morning started with drills, which brought a sense of purpose. I found myself pushing my limits, and each day I discovered a new strength within myself.

Living without my family was definitely a challenge. I had to take care of everything on my own-keeping my uniform neat and following the daily routine. Without the familiar support of my parents, I learned to trust myself.

The bond I formed with my fellow cadets was another memorable aspect. We were all away from home, sharing the same struggles and victories. In those ten days, I learned the value of teamwork and camaraderie.

One of the most inspiring moments was watching the rank holders and army seniors. Their confidence, discipline, and leadership made a strong impression, motivating me to embrace the values they represented and aim for the same level of dedication.

There were moments of homesickness. But at the same time, there was a growing sense of pride in what I was doing. It was also about discovering a new side of myself, one that was capable and resilient.

When it finally came time to leave, my emotions were mixed. There was huge sense of accomplishment. Saying goodbye to my friends was hard; we had shared so much in those ten days. The camp experience was far more than just drills and training-it was about growing as a person. It taught me that stepping out of my comfort zone is the best way to discover who I am. Those ten days were filled with challenges and growth and I will cherish them for the rest of my life.

THE EXPERIENCE THAT TRANSFORMED ME INTO A REAL CADET

OTA (Officer's Training Academy) is an academy which transforms the youth of India to become Officers. They make the Cadets physically fit, mentally robust, and emotionally strong. All of these aspects are important to take a decision in a critical condition also which is an important factor of an Officer in Indian Army

Tactical Training

Firing, Tactical training, Personality development, Dining etiquette and various Officers like qualities. I am sure all these training will defiantly help me to join the armed forces.

***The National Cadet Corps, a guiding light,
That leads us forth, through the darkest night***

As my aim is to become an Officer in Indian Army, I joined NCC in my University I was happy that I got an opportunity to attend the Army Attachment Camp at OTA, Chennai. At the OTA we were put under rigorous training which included horse riding,

GLOBAL ISSUES AND NCC CADETS

The world today faces a range of critical issues that threaten global stability and the well-being of both people and the planet. Climate change, overpopulation, energy transition, poverty, inequality, political instability, water scarcity, biodiversity loss, and technological ethics all demand urgent attention. Each of these issues is interconnected, creating complex challenges that require comprehensive solutions. One significant group that can contribute to tackling these problems is the NCC whose disciplined youth members are well-positioned to become change agents in mitigating these global crises.

Climate Change : is one of the most pressing issues of our time, with rising temperatures leading to extreme weather events, melting polar ice, and rising sea levels. The resulting impact on agriculture, water resources, and human settlements creates ripple effects that exacerbate poverty and inequality. NCC cadets can actively participate in mitigating climate change by engaging in awareness campaigns to educate communities about the importance of reducing carbon footprints.

Overpopulation intensifies the strain on global resources such as food, water, and energy. It also puts pressure on social systems like healthcare, education, and employment, further widening the gap between the rich and poor. By participating in community education programs, NCC cadets can help raise awareness about its impact.

Energy Transition shift from fossil fuels to renewable energy is critical for addressing climate change, yet it faces challenges such as economic costs and technological limitations. NCC cadets can play a role in promoting renewable energy by participating in awareness campaigns that advocate for energy efficiency and the adoption of solar, wind, and other sustainable energy sources.

Poverty and Inequality remain pervasive, with millions of people lacking access to basic needs like food, clean water, and healthcare. NCC cadets, through their community service programs, can

contribute to alleviating poverty by organizing food drives, offering educational support to underprivileged children, and participating in vocational training programs.

Political Instability often arises from economic inequality, corruption, and social unrest, which can hinder progress in addressing other global challenges. NCC cadets, who are trained in leadership, unity, and discipline, can promote social harmony and peaceful coexistence.

Water Scarcity affects millions of people worldwide and is further aggravated by climate change and overpopulation. NCC cadets can raise awareness about water conservation through community outreach programs. They can also participate in rainwater harvesting projects, clean-up drives for rivers and lakes.

Biodiversity Loss due to deforestation, pollution, and urbanization is a significant threat to ecosystems and human survival. NCC cadets can play a role in conserving biodiversity by organizing nature conservation programs, participating in wildlife protection activities, and advocating for the protection of natural habitats.

Technology continues to advance rapidly, ethical concerns arise regarding privacy, data security, and the future of work. NCC cadets can promote responsible use of technology by engaging in discussions on technological ethics in Schools, Colleges and communities.

In addressing these global issues, NCC cadets have a unique role to play as disciplined, well-trained, and socially aware youth leaders. Through their active participation in community service, environmental protection, and awareness campaigns, they can significantly contribute to mitigating the effects of climate change, overpopulation, and other global crises.

MY INDIA, MY PRIDE

India, my land, so rich and vast,
With cultures deep and roots that last.
From mountains high to oceans wide,
In every heart, there's love and pride.

The Ganges flows with ancient grace,
A river pure, a sacred space.
From Kashmir's snow to
Kanyakumari's seas,
our land is blessed with
nature's peace.

We speak in tongues of many kinds,
yet unity within we find.
From north to south, east to west,
India's spirit shines the best.

So, here's to India, proud and free,
A land of endless unity.
With love, with strength,
we stand as one,
our journey is bright, it just begun.

THE WHISPER

There is a voice,
there is a whisper
That says what you do
and says what you can
It comes from the inside
of the soul
And never stops at all.

There is a voice inside of you
That whispers all day long
"I feel what is right for me,
I know what is wrong."

No teacher, preacher,
parent, friend,
Or wise man can decide
What's right for you
Just listen to the voice
That speaks inside you.

“My Unforgettable Experience at All India Thal Sainik Camp”

Passing through rigorous training, I was selected for All India Thal Sainik Camp, an experience filled with excitement and pride. Our journey from Odisha to Delhi Cantt was full of fun and challenges, which we faced with determination.

Breaking Ice and Pushing Limits : The icebreaker sessions helped us bond and build camaraderie. Despite the demanding schedules and managing my own event, I pushed through every challenge and proved my resilience. Leadership and Teamwork Lectures on leadership inspired me to take initiative and work collaboratively with my fellow cadets. Participating in the EXPA workshop at DG NCC Headquarters allowed me to exchange ideas with cadets from other directorates and strengthen my teamwork skills.

Team TSC at INF Weapon Display helped me face challenges and create lifelong friendships with cadets from other directorates. We shared laughter, supported each other, and built lasting memories. I developed resilience, communication, teamwork, leadership, time management, and self-reliance.

My experience at ALL INDIA THAL SAINIK CAMP was full of fun, learning, and new friendships. I returned with confidence, patriotism, and readiness to face future challenges and inspire others.

Overcoming Fears : Though nervous initially, the camp became a turning point for me. With guidance from our instructors, I conquered my fears and gained newfound confidence.

Friendship and Memories : The support of my fellow cadets

KARGIL DIWAS

On the heights when heroes tread
In the land where valour bleed
Kargil's peaks, where courage soared,
Echo tales of a battle roared.

On frozen ground, in the dead of night,
Brave hearts fought with all they had,
Guarding our land with steadfast pride,
In their blood, our flag was dyed.

The winds still whisper their names.
Immortalized in eternal flames,
Soldiers who faced the bitter cold,
Their sacrifice, a story bold

In the shadow of the mountain steep,
Lies the silence where warriors sleep,
But their spirit, like an eternal flame,
Ignite our hearts in Kargil's name.

On this day, we bow and pray,
For the souls who showed the way,
Kargil Divas, a tribute we pay,
To those who gave us freedom's ray.

एनसीसी एक सपना

एनसीसी एक सपना, क्या होगा अपना ?
यही सोचते - सोचते बीत गए कई साल।
वो खाकी वर्दी, वो जूतों की थाप,
क्या मेरी सिर सजेगी बेरेट से कल ?
आया वो दिन जब पूरी हुई तमन्ना,
जी रही हूं एनसीसी कैडेट का सपना।

जैसा सोचा था, उससे कहीं आगे निकला सपना,
एनसीसी ने सिखाया किसे कहते हैं एकता व अनुशासन।
एनसीसी जीवन जीने के गुणों का भंडार है,
राष्ट्रवाद, ज्ञान, वीरता इसके सार है।

ऊँचे स्वर, अनुशासित रहने की सीख,
ऊपर से नारियल, लेकिन हृदय पानी सा स्वच्छ- तरल।
ऐसी ही तो होती है आदर्श गुरु मां,
जैसी है मेरी प्यारी सरोजनी मार्मै।
जी चाहता है कि और एक सपना देखूं,
नीले आकाश में भारतीय सेना का परचम लहराऊं।
क्या पूरा होगा नीले वर्दी का सपना?
एनसीसी एक सपना हो गया अपना!!!

साहस और एकता की कहानी

में खडी थी, युवा और साहसी,
एनसीसी में, एक अद्भुत कहानी बनी,
अनुशासन और एकता के पथ पर,
मेरी जीवन की एक नई कथा बनी ।

दोस्त बनाये नये, एक साथ सब,
सजावट में बसी सुबह की रोशनी,
परेड और ड्रिल में हर कक्षा में,
आगे बढ़ाया कदम, जैसे धुन हो कोई ।

खाकी पहना, कैम्प का उत्सव मनाया,
यही से सिखा टीमवर्क का संघर्ष,
चूनौतियों के बोझ तले हम,
अपने नाम पर दाग न लगने दिया ।
बढ़ा आत्मविश्वास, हम आगे आये,
समर्पण और सेवा का संकल्प लिया,
हथियार चलाना, कला की बात है,
एनसीसी ने सब कुछ सिखाया है ।
इसी यात्रा से कैडेट से नेता बनी,
साहस, एकता, और शक्ति की पहचान बनी ।
